Product Details

• Simple Mounting Arrangement

• Metric and English Configurations

• Black Anodized Aluminum Construction

• **Posts** and **Post Holders** Required for Mounting

Optic Component Mounts are designed to hold lenses, filters, mirrors, and other optical components. The included retainer ring securely holds the component in place. Optic Component Mounts need the required **posts** and **post holders** for mounting to a breadboard. Both English (1/4-20) and Metric (M6) standard posts are accepted by the mounts. These mounts are constructed of black anodized aluminum in a simple mounting arrangement.
