## Product Details

- Cleaning and Handling Supplies for ZnSe Optics
- Storage Case and Infrared Optics Cleaning Instructions Included
- Refill Kits and Extra Lens Polish Available

CO<sub>2</sub> Laser Optics Cleaning Kits contain supplies for properly cleaning and handling Zinc Selenide (ZnSe) optics, including finger cots, cotton swabs, lens polish, and more. Special care should be taken when cleaning and handling ZnSe optics because Zinc Selenide is not scratch resistant and is a toxic material. CO<sub>2</sub> Laser Optics Cleaning Kits include cleaning and handling procedures that when followed help to prolong the lifetime of ZnSe optics. A [cleaning refill kit](#) and extra [lens polish](#) are available separately to replenish the consumable cleaning items found in the kit.
