Allied Vision Guppy Pro FireWire.b Cameras are a part of Allied Vision's Guppy Pro line of cameras, which bring high quality imaging at a low price point. These cameras are perfect for any number of applications from [factory automation](#) to benchtop microscopy. An ideal upgrade for an analog camera system, these cameras come in sensor formats from 1/4" to 1/2" and feature 64MB of onboard memory. Allied Vision Guppy Pro FireWire.b Cameras have basic firewire cable included as well as driver and SDK. The cameras come in either monochrome or color.
