View	Certificate of Conformance:

Product Details

- 20Xand 40XMagnification
- 360 degree rotatable head
- Built in Quartz Halogen Incident and Transmitted Illumination
- Dust Cover

Both the Model 6 and Model 7 have turret mounted twin objectives which allow a choice of magnifications with each model. The Model 6 has 10Xand 30Xmagnification and the Model 7 x20 and 40X, with alteration of the magnification being achieved by rotating the turret. Additional increased magnification is possible with 20Xadditional eyepieces. However, the objectives are factory fitted and cannot be altered. Inbuilt incident and transmitted illumination ([spare bulb available](#)).
